President Speech, Woba North America, Chicago Reunion 2025.

Good afternoon beloved old students at our dear Western Boys High School, I stand here today in deep appreciation for the rare opportunity given to me to lead this prestigious association. I also acknowledge the founders of this association and thank them for this wise initiative. Our dear Alma Mata has over the years produced notable men and it had become expedient to have a gathering of all old students at our prestigious school so there could not have been a better time for the founding of this association. As our school has given to us, and it has helped formed who we are today, as the saying goes that to whom much is given, much is also expected, it is time for us to give back to our dear Alma Mata. By the grace of God, I hope together we will be able to achieve this. Good I want to use this occasion to thank all members of Woba North America for all you have done over the years, as an association, sets. chapters and individual contributions.

- 1: A total of 400 chairs has been provided for the school, so no students are sitting on the floor now.
- 2: Two security day men salaries have been paid for many years now as well as the liaison officer salary. Since May 2025, we pay for one day security and a night security. Good
- 3: Engineer Tony Ogbeide under Woba North America organized lectures for three months to prepare students for their final exam and provided lunch for them, Paid teachers for this extra lectures.
- 4: Woba, New York provided school bags for students.
- 5: School Hall renovated by set of class 82, It will be of note that president of that set and other notable members of that set is from Woba North America.
- 6: Endowment Fund for students started more than ten years ago has doubled in value over the years and it continues to grow.

This association aims to support each other, sharing good and bad times while navigating life's journey. Fate connected us when we were young, forming lasting friendships. Your participation in the old boy's association encourages the continued success of our students and support for our Alma Mata. Let's keep those bonds strong and help one another. Together, we can elevate our association and make a significant impact on our lives and our school. Thank you for this leadership opportunity. With your collaboration and by His grace, we will achieve remarkable results.

Henry Odiase
Thank you.

NIGERIA NATIONAL ANTHEM

Nigeria we hail thee
Our own dear native land
Though tribes and tongue may differ
In brotherhood we stand
Nigerians all, are proud to serve
Our sovereign Motherland,
Our flag shall be a symbol
that truth and justice reign
In peace or battle honour'd,
And this we count as gain,
To hand on to our children
A banner without stain.
O God of all creation
Grant this our one request.
Help us to build a nation
Where no man is oppressed
and so with peace and plenty
Nigeria shall be blessed.

USA NATIONAL ANTHEM

Oh, say, can you see
by the dawn's early light
What so proudly we hail'd
at the twilight's last gleaming?
Whose broad stripes and bright stars
thro' the perilous fight,
O'er the ramparts we watch'd,
were so gallantly streaming?
And the rockets' red glare,
the bombs bursting in air,
Gave proof thro' the night
that our flag was still there.
O say, does that star-spangled banner yet wave
O'er the land of the free and the home of the brave?

CANADA NATIONAL ANTHEM

O Canada! Our home and native land!
True patriot love in all thy sons command.
With glowing hearts we see thee rise,
The True North strong and free!
From far and wide, O Canada,
we stand on guard for thee.
God keep our land glorious and free!
O Canada, we stand on guard for thee,
O Canada, we stand on guard for thee.

HISTORY OF WESTERN BOYS HIGH SCHOOL

Western Boys High School ("WBHS") was established as a commercial Training College in 1943 by a group of philanthropists. It was sited at Ikpoba Road (Now Akpakpava Road). Prominent among the founders were the late Chief (Senator) A. O. Airewele and the Late Bishop G. R. A. Unubun, both from Igor, Ekpoma, and Esan West Local Government.

In 1947, the school was approved and became a grammar school. The site was then moved to the old Ogiso Quarters (Royal Palace) in the East Circular Area of Benin City. A primary school (Ehianugie), was established along with it. It can rightly be asserted that the college was the first established by private individuals in Nigeria. The first thirty-two colleges, starting with Baptist College in 1855 and ending with Edo College in 1937, were founded by missionaries and governments. It coincided with the establishment of Hussey College by the Rewane family in 1947. Initially, the school management was rotated between the two major subscribers mentioned above, but with time, the government, by fiat, made Chief Airewele the managing proprietor of the School. He accepted the challenge with consummate passion and deployed his entire God-given energy & resources to the development of the school.

The school comprised a U-shaped set of three blocks used as classrooms, laboratories, and an assembly hall. The boarding houses contained a motley of privately rented buildings in the adjoining communities. There was a football field, which provided space for athletics.

Initially, there was a high turnover of teaching staff & principals. However, in 1953, the proprietor did a painstaking search for and employed a pioneer graduate of University College Ibadan Mr. Okechi Amu-Nnadi. A synergy between the two marked a new era of notable advancement for the school.

Within a year, in 1954, the school was approved by the government. With a hired band, the students marched to the Royal Palace to share the joy with His Royal Majesty Oba Akenzua II, who loved education so much, having been a product of Kings College, Lagos. His son, Prince Frank Akenzua was sent to the school the following year.

In 1956, the school was approved for a Government Class Four Certificate and in 1957, the school was approved for the West African School Certificate (WAEC) Examination. Performance in the first three attempts were not satisfactory. But in 1960, the year of independence and also the year of the movement to Oregbeni, the school shot through the clouds, recording a success rate of about ninety percent. For the first time, three passed in grade one: the Late Dr. A. U. Obozuwa, an eminent lawyer & parliamentarian, Prof. C. O. Osakue (Law), and Prof. U. M. O. Ivowi (Solid State Physics). The school moved to a 49-50-acre plot of land in Oregbeni, its present site, in the third term of 1960, the year of our independence.

From the beginning, the school made contributions to athletics and football. In 1954, the Late Nafiu Bello-Osagie, a student of the school, won a bronze medal in the high jump at the Commonwealth Games in Vancouver, Canada, the same games in which late Ifeajuna shook the world with a gold medalin the high jump. It is on record that seven football team

HISTORY OF WESTERN BOYS HIGH SCHOOL

members who won the junior World Cup in 1985 were from Western Boys High School. The school has also produced notable footballers that excelled in Nigerian flying eagles and green eagles like Charity Ikhidero, Austin Igbinoba “Lekeleke”, Tony Oviawe, Emmanuel Obasuyi “Shakara”, Joseph Egharevba “Yamaha”, Tony Akwete, Agbonifo, Henry Ogboe & others. The school has produced high-profile individuals who have contributed to Nigeria’s development. The first military governor of the then Midwest State in 1967 & later civilian governor of Bendel State in 1983, the late Brig-Gen. Samuel Ogbemudia, Sir Victor Uwaifo, the Late Chief Edibiri (The Esogban of Benin) were old boys from the school. The school has produced many ministers, state commissioners, permanent secretaries, & eminent professionals.

The school has produced many academic giants, including three Vice-Chancellors, namely, Prof. D. O. Aigbomian (A. A.U.), Prof. G. O. Oshodin & Prof F. F. Osarumwense (both Uniben). There must be similar laurels from our old boys in the diaspora Senator Chief Asuelimen Osazee Airewele.

Finally, saying a word about our great proprietor, Chief (Senator) Asuelimen Osazee Airewele is opposite. He was an extraordinarily endowed man in the management and execution of any project. He dreamt & actualized the project. He poured out his life as a libation for the school. He surmounted the challenges that beset the great odyssey with dogged determination & unwavering perseverance. He lived in a rented bungalow in Igun Street for many years. He obtained loans and bought cars for any graduate teacher he could employ while riding a bicycle daily to school. He had no office in the school but would hang on with the bursar or principal daily. He borrowed money to sponsor teachers to study at the only university in Ibadan then. When WBHS moved to Oregbeni, he eventually got a beetle car (Wb4119).

May his soul rest in peace. Mr. Okechukwu Amu-Nnadi. Also worthy of mention is Mr. Okechukwu Amu-Nnadi, a pioneer graduate of the University College, Ibadan who joined the school in 1953 & along with the proprietor, carried the school to an enviable level when he left in 1962. He was a Mathematics & Physics graduate but was extraordinarily gifted in the use of the English language. He was a good and virtuous man modest in appearance & appeared to have been trained from early childhood in every good practice. He was a great inspiration to all who came across him. He was an exceptional lover of sports. He complimented the proprietor very much. There was Dr. G.U. Onukaogu, who had a B.Sc (Biological Chemistry), M. A. (History), and Ph.D. (Political Science), all from Michigan State University. He brought science to the school and rebuffed all entreaties to join more lucrative employment. He had the habit of taking the whole school through philosophical excursions from time to time.

MR. & MRS. OSAGHAE

On behalf of my wife and myself, I extend our heartfelt congratulations to the entire WOBA North American family on this year's reunion, proudly hosted by the Chicago Chapter.

It is always a joy to come together as proud alumni of Western Boys High School, united by a shared heritage and commitment to giving back. Though our roots lie in Nigeria, our efforts across North America continue to bear meaningful fruit for our alma mater. This annual gathering is more than just a reunion - it is a testament to our enduring brotherhood, our collective impact, and our dedication to uplifting future generations of Western Boys.

Kudos to the Chicago Chapter for taking on the mantle of this year's hosting responsibilities. We are confident that this reunion will be memorable, and a great success in furthering the mission of WOBA.

With pride and solidarity,
